

Boil Water Rescind Notice

On August 10, 2016, the Texas Commission on Environmental Quality (TCEQ) required our public water system City of Redwater, PWS ID 0190008, to issue a Boil Water Notice (BWN) to inform our customers that due to low chlorine residual levels, water from our system must be boiled prior to consumption.

Our system has taken the necessary corrective actions to restore chlorine residual levels and has provided TCEQ with testing results that indicate that the water no longer requires boiling as of August 26, 2016.

If you have questions, contact Public Works Director Tom Townsend at 903-277-7352.

If a customer wishes to reach TCEQ, they may call 512-239-4691.
