

LEAD & COPPER RULE MONITORING AND REPORTING VIOLATION
MANDATORY LANGUAGE - TIER III

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

The City of Redwater has violated the monitoring and reporting requirements set by Texas Commission on Environmental Quality (TCEQ) in Chapter 30, Section 290, Subchapter F. Even though these were not emergencies, as our customers, you have the right to know what happened and what we are doing to correct these situations.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During the period June 1 – September 30, 2015 we did not complete all monitoring or testing for Lead & Copper tap water sampling and therefore cannot be sure of the quality of your drinking water during that time.

The table below lists the contaminant(s) we did not properly test for during the last year, how often we are supposed to sample for these contaminants, how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which the follow-up samples were taken.

Contaminant	Required sampling frequency	Number of samples taken	When samples should have been taken	When samples were or will be taken
Lead & Copper tap water sampling	20 samples every three years	20	June 1 — Sept 30, 2015	Sept 2016

What is being done?

We are working to correct the problem. For more information, please contact Tom Townsend at (903) 277-7352 or PO Box 209, Redwater, TX 75573.

Corrective Actions:

Contract laboratory is entering the sample monitoring period into their database for future reference.

Please share this information with all other people who drink this water, especially those who may not have received this notice directly (i.e., people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

This notice is being sent to you by the City of Redwater. Public Water System Number: TX 0190008.

Date Distributed: December 12, 2016
